Frequently Asked Questions

How do I setup QR Code Login?

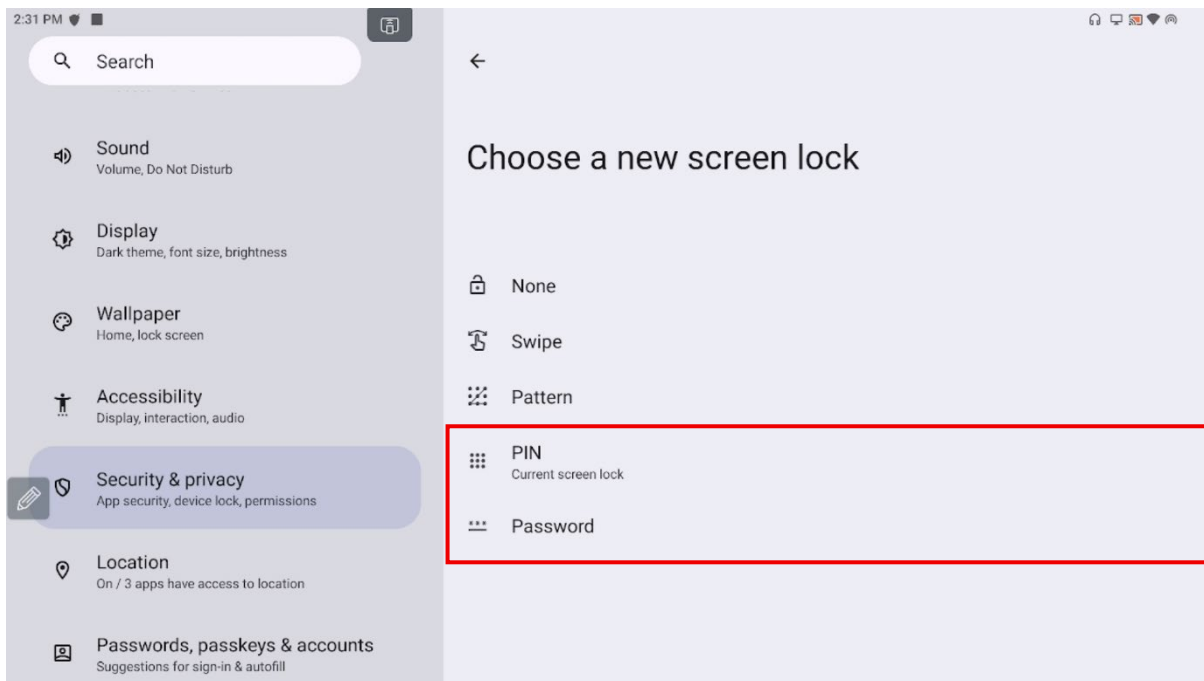

For QR code login, you will need to have either a PIN or a password set. In the settings app, select “Security & privacy” then “Device unlock”.

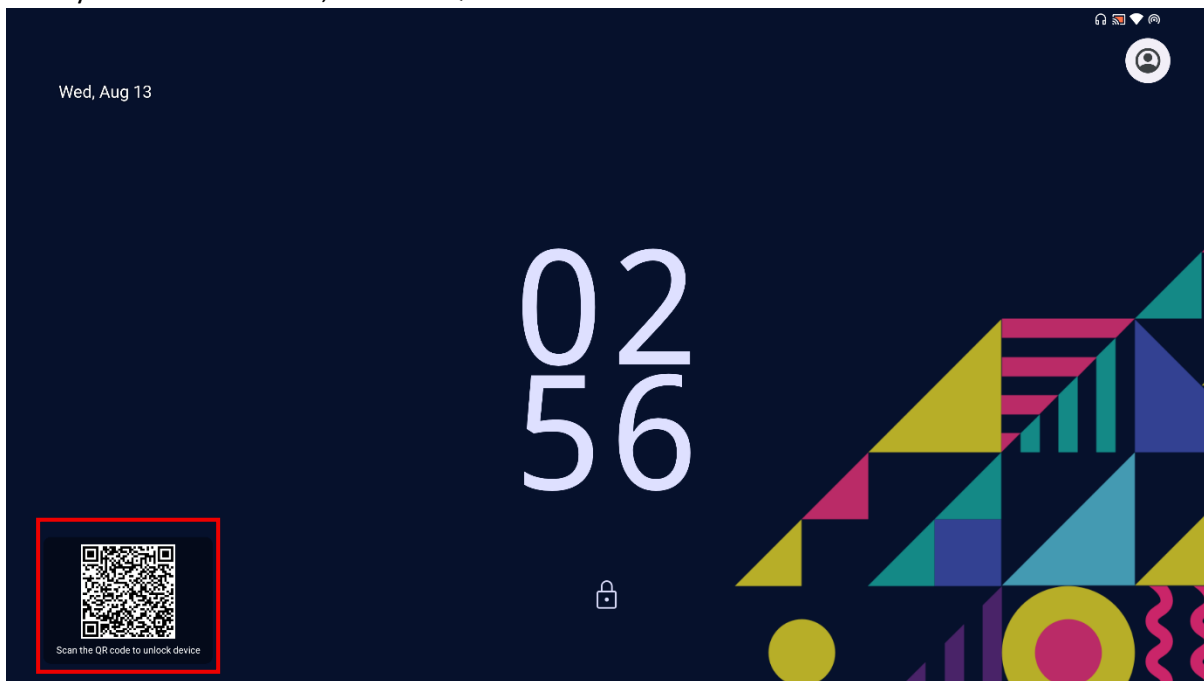

Select “Screen lock”.

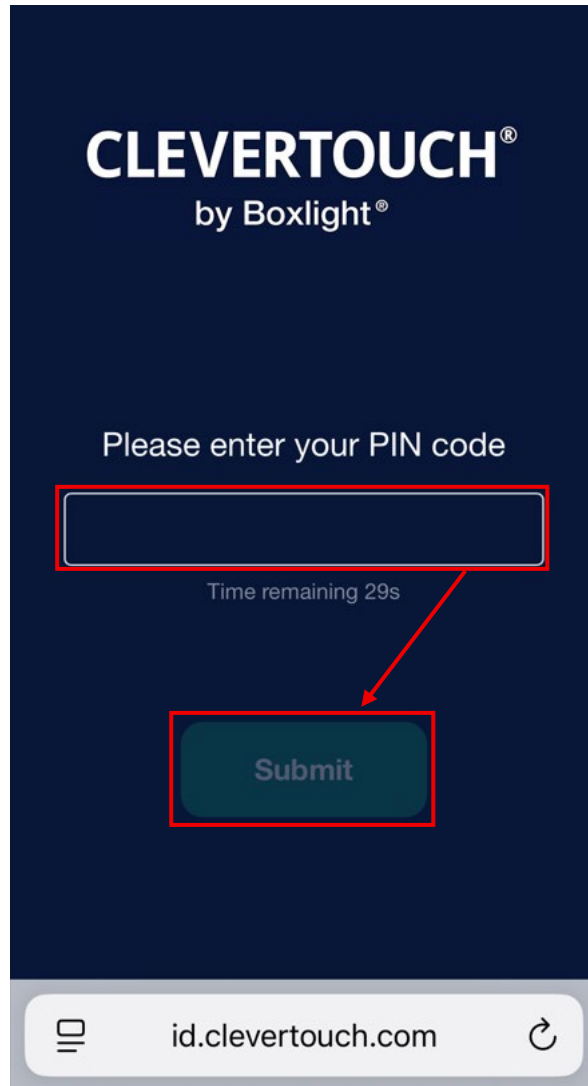

Select either “PIN” or “Password”. (QR code login is only available on these 2 options)

Once your device is locked, scan the QR code with a mobile device.

Input your PIN or password and select “Submit”. You will then be logged into your account.

The image shows a mobile application interface for Clevertouch. At the top, the logo "CLEVERTOUCH® by Boxlight®" is displayed in white on a dark blue background. Below the logo, the text "Please enter your PIN code" is centered. Underneath this text is a white rectangular input field with a thin red border. Below the input field, the text "Time remaining 29s" is displayed. Further down is a dark teal rectangular button with the word "Submit" in white, also outlined with a red border. A red arrow points from the input field to the "Submit" button. At the bottom of the screen is a white mobile browser address bar containing a hamburger menu icon on the left, the URL "id.clevertouch.com" in the center, and a refresh icon on the right.
